

Name

Rainbow Federation School Closure Home Learning Task Sheet

Year 3

☀ Expectations – 1 Maths Task + 1 Literacy Task Each Day and 1 Topic Task per week.

This task overview sheet is designed to be used by parents and pupils in the event of a school closure. Tasks and activities do not need to be completed in the order that they are written. Once a task is completed write the date that it was completed underneath the task. Please return this task sheet to your child's class teacher on their return to school. If you are reading a paper version of this task sheet go to www.brynhafodprm.co.uk or www.glanymorionprimary.com and visit your child's class page to view this sheet electronically any hyperlinks will work and you can visit them directly.

Week 1

Numeracy

Literacy

Topic

Work out the place value of the number underlined.

e.g.

42 = 40

138 = 100

250 = 0

1. 32

2. 99

3. 125

4. 342

5. 581

6. 863

7. 241

8. 595

9. 408

10. 300

Date completed

Choose 10 words from your spelling list. Practice writing out your spellings using bubble writing like this:

Home Learning Topic Task Task Overview

We are living through a unique time in history right now! Your job is to complete different tasks which can be put into a time capsule once we are back in school.

Ask a family member to give you 4 single digit numbers.

e.g.

1. What is the largest odd number you could make?
2. What is the largest even number you could make?
3. What is the smallest **3-digit** number you could make?
4. What is the largest **3-digit odd** number you could make?
5. What is the closest number you can make to 1000?

Date completed

We use question marks at the end of questions. Write 3 silly questions for each question word below:

- Who....?
- Why...?
- What...?
- When...?
- How...?

Challenge: Can you think of any other words that might come at the beginning of a question?

Date completed

Partition the following numbers:

- | | |
|--------|--------|
| 1. 88 | 6. 700 |
| 2. 135 | 7. 829 |
| 3. 243 | 8. 999 |
| 4. 762 | |
| 5. 505 | |

Challenge: Ask an adult to give you 4-digit numbers to partition.

Date completed

Read a couple of pages of a book that you like. Write 5 different questions (using who, why, what, when, how) to ask the author of the book.

Date completed

1. Write a letter to your future self. Your letter should include:
 - 3 emotions you are feeling in quarantine
 - 3 things you have done at home since leaving school
 - 3 things you are grateful for
 - 3 things you are looking forward to when quarantine is over
 - 1 thing you would like to tell your future self
2. Create a collage of current newspaper articles to show what is happening in the world at this time. If you don't have any newspapers, you can create your own example of an article!
3. Interview a person you live with. Ask them:
 - How they are feeling being in quarantine.
 - What things they have been doing in quarantine.

I'm thinking of a number.
I double it.
I subtract 10.
I add 2.
The answer is 2 x 20.

What number am I thinking of?

Date completed

Alliteration is when there are a few words in a sentence with the same sound.

e.g.
The pleasant postman called Percy posted parcels to lots of people.

Write 5 examples of your own sentences with **alliteration**.

Date completed

- What they are looking forward to once it is over.

You can write down their answers to your questions or you can record the interview using a phone, ipad, etc.

True or False? Explain how you know.

1. If I start counting from 2, in steps of 10, I will only say even numbers.
2. If I start counting backwards from 93, in steps of 4, I will get to the number 43.
3. Louise invited 20 friends to her birthday party. Cupcakes are sold in packs of 3. Louise bought 6 packs of cupcakes and had enough cakes for all her friends.

Date completed

Conjunctions are words that join 2 separate sentences together.

e.g.
I went to the shop **because** I needed bread.
Tom loves the snow **although** he hates snowball fights.
Grandma was exhausted **so** she went to bed.

Write your own sentences using the connectives below:

And, because, but, so, although

Complete the space themed activities below:</p> <ol style="list-style-type: none">1. Research question: What are the names of the 8 planets in our solar system?2. Choose a planet to research. Create a factfile that includes:<ul style="list-style-type: none">- The name of the planet- The year it was discovered- The temperature- Features (what it looks like)- 2 interesting facts- A picture3. You are going on a space mission and you can only take 10 things with you.
<p>Write down the next three numbers in the sequence and what the rule is:</p> <p>e.g. 2, 4, 6, 8, 10. The rule is to add 2 every time.</p> <p>1. 11, 14, 17, 2. 48, 46, 44, 3. 38, 42, 46, 4. 92, 82, 72, 5. 19, 24, 29, 6. 58, 54, 50, 7. 11, 22, 33, 8. 89, 94, 98,</p>	<p>Practice writing some persuasive sentences using these sentence starters:</p> <ul style="list-style-type: none">- Surely you must realise that...?- Don't you think it would be better if...?- It is clear to see that...- If I were you, I would...- I am certain that...- Everybody knows that... <p>Date completed</p>	

Date completed

What will you take? Write a list or draw a suitcase with your 10 items inside. What is your most important item? Why?

- 4. Design an alien. What planet does your alien live on? What does it eat? Think of 5 adjectives to describe your alien and the planet it lives on.

- 1. Find a tin and read the weight. List 5 things that are heavier and 5 things that are lighter.
- 2. Choose 5 food packaging. Predict the weight, ordering them from lightest to heaviest. Check the weights to see if you were right and record in your book.
- 3. 4 chocolate bars weigh 200g. How much will 2 chocolate bars weigh? How much will 8 chocolate bars weigh?

Write a letter to your teacher to persuade them that lunchtime play should be 15 minutes longer. Remember to include 3 good reasons why. Use the sentence starters from yesterday to help you.

Date completed

Date completed

- 1. Add 50g to the weights you recorded yesterday. What are the new weights?
- 2. 3 sweets weigh 20g in total. Each sweet is a different weight. What weights could each sweet be? Think of as many different possibilities as you can.
- 3. Tom has 80g of sweets. He eats half the amount each day. How many days will it be until he has 5g left?

a	g	e	v
t	u	s	t
n	o	a	b
s	m	l	c
h	r	f	m

What words can you create using the letters above?

- 3 letter word = 1 point

Date completed

- 4 letter word = 2 points
- 5 letter word = 3 points
- 6+ letter word = 4 points

You can't use a single letter cube more than once in a word!

Date completed

1000g = 1kg

1. Louise is baking a cake. Her bag of sugar weighs 1kg. To make her cake, she needs to use 400g of sugar. How much sugar will she have left when the cake is made?
2. Mrs Lundrigan's shopping bag weighs 1kg and 600g. Mr Matthew's shopping bag weighs 1400g. Who has the heavier shopping bag and why?
3. Tom buys 200g of sweetcorn, 500g of carrots, 300g of peas and 300g of beans. How much do his items weigh all together? Give your answer in g and then kg and g.

Read a few pages of a book. Write a list of words that you don't know the meaning of – try and find at least 5.

Use a dictionary or the internet to learn the meanings of the words and write them into your book.

Week3

Numeracy

Literacy

Topic

To be able to order 2 and 3 digit numbers.

Ask your parent or carer to 10 questions with 3 2 digit numbers like this....

1. 27, 14, 56.
You must then order them lowest to highest, like this
1. 14, 27, 56.

Too easy?

Try 3 3 digit numbers and order them lowest to highest.

1. 231, 456, 325
1. 231, 325, 456

Date completed

Spelling

Choose 10 of your spelling words from your pack.

Write 10 interesting sentences by using an exciting adjective in every sentence.

An adjective is a describing word.

Date completed

Home Learning Topic Task Task Overview

I have chosen some activities that will hopefully be fun for you all.

Make a pizza. Follow instructions online and take a picture of your finished masterpiece.

Learn to tie your shoe laces.

To be able to order 2 and 3 digit numbers.

Use the same numbers you used yesterday but today you must order the numbers highest to lowest, like this...

- 1. 27, 14, 56
- 1. 56, 27, 14

Too easy?

Try 3 3 digit numbers.

- 1. 231, 456, 325
- 1. 456, 325, 231

Date completed

Reading

Think of your favourite ever book.

Discuss the ending with a family member.

I would like you to write a different ending.

How did you want the book to end. (only one or two paragraphs)

Date completed

Make a game to play with your family. Explain the rules and enjoy time together.

Write, draw, construct or make something that reminds you of a different country.

E.g. Didgeridoo from Australia

Write a postcard from your favourite place in Wales.

Order! Order! I said I want Order!

Order these numbers - lowest to highest.

1. 12 415 62 418 3468 1345

2. 65 89 45 672 456 196

3. 980 768 560 356 45 120

4. 765 980 134 1452 698 19345

5. 3456 6578 876 10345 657

To create a character portrait of characters in a fairy tale.

Who are your main Characters?

What does your character look like?

What are their special gifts, talents?

Where do they live?

Draw an image of your character and label their features.

Date completed

**What is the weather like?
What have you seen? What
have you eaten?**

**Learn how to use Roman
Numerals. Can you make
addition, subtraction,
division and multiplication
sums using them?**

Remember

I = 1

II = 2

III = 3

IV = 4

V = 5

VI = 6

VII = 7

VIII = 8

IX = 9

X = 10

More or less than.

Remember Charlie the Chomping Crocodile is greedy and always eats the biggest number!

So $<$ means bigger than.

For example, $27 < 54$ Crocodile will eat the 54.

Try these.

1. 35 17
2. 59 23
3. 25 15
4. 86 34
5. 27 72
6. 10 4
7. 25 90
8. 34 12
9. 54 32
10. 32 76

Date completed

To plan a fairy tale that has a clear beginning, middle and end.

Think about the characters, setting, problem and ending.

Write this as a plan under those headings.

You can do a mind map if that helps.

Date completed

<p>To learn your times tables.</p> <p>Bit of fun.</p> <p>See if you can say your 2, 5 and 10 times tables.</p> <p>Challenge</p> <p>Try other tables up to 12.</p> <p>Date completed</p>	<p>To write a final draft of your story.</p> <p>Remember to use your plan.</p> <p>Write a neat version of your story. Use your best handwriting and best presentation.</p> <p>Make sure you have a clear beginning, middle and end (miss a line).</p> <p>Date completed</p>
